In-desk power

In desk vertical power with optional media

Model shown PD VERTICAL 2USB

- Aluminium in desktop pull up unit
- Individually fused power sockets
- 300mm power cord to GST plug
- Multimedia, data and power
- Powered USB option
- Complies with BS6396: 2002
- IP54 splash proof lid
- 80mm desk cut-out

Vertical grommet pulls up and out of the desktop to supply power and data needs from anywhere on a desk and is secured by an 80mm nut that screws up from under the desk. A red locking button secures the unit upright.

Dual powered USB and multimedia options are available, and custom configurations can be quoted on request.

A short 300mm power cord to GST male connector means multi length leads to 13A plug can be achieved using a Start Lead.
